DETAILED ACTION

Request for Continued Examination

1. The request filed on January 5, 2005, for a Request for Continued Examination (RCE) under 37 CFR 1.114 based on parent Application No. 09/629862 is acceptable and a RCE has been established. An action on the RCE follows.

Claim Objections

2. Claim 33 is objected to because of the following informalities:
Insert - -slave- - before "device" in line 1 or delete "slave" in line 6.
Appropriate correction is required.

Allowable Subject Matter

3. Claims 1, 3-14, 16-19, 21-32 and 34-35 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter: the prior art does not teach or fairly suggest that the slave device includes a delay-locked-loop as recited in claims and the first phase signal and the second phase signal each have an effective frequency that is lower than a frequency of the clock signal as recited in claims.
